

What to Expect at Delivery: Orders Less 300 Units

Orders less than 300 units will arrive at delivery packaged according to flavor. Each case contains 6 loaves of one flavor. There may be partial cases based on the order totals.

Your order will be arranged by flavor according to the order form. We will inventory the order to ensure the correct amount has arrived. Your representative can assist you in sorting your order according to seller. You can expect 10-30 minutes to sort orders under 300 by seller.

Arrangement of a bulk order at delivery:

Tips:

- Having a long table, such as a cafeteria table, will make the sorting processed much easier.
- Reserve an area to unload that is easy to find by your sellers. Try and avoid stairs and keep the pick up close to an access door. Your sellers will appreciate this!
- Please allow for 30 minutes to unload and organize orders before any customers arrive for pickup.
- Use the boxes the product arrives in to sort the orders. You may need a few bags.
- For orders this size 1-2 volunteers will be plenty of help.
- Make arrangements to store any orders that are not picked up.
