Customers enjoy **Classic Breaks**® cookie dough for its taste, convenience, ease, and quality. The convenience of **Classic Breaks**® cookies come from the easy “break and bake” preparation. Preheat your oven and break off as many cookies as you want to eat or have ready for the kids when they get home from school. Put the remaining dough back in the freezer for another day. No more unthawing a tub of dough to make a few cookies and then deciding what to do with the rest.

From everyone’s favorite, Chocolate Chip, to the new Candy Cookie with M&M® bits and Snickerdoodle, one of the six varieties of **Classic Breaks**® cookies will be a hit on your table. Remember, because you don’t need to bake all the cookies at once you can bake a variety of flavors to suit everyone.

“Our school switched to Classic Breaks a number of years ago. It has become the most popular product we sell each year. Our sales have grown every year since we switched to these cookies.”

Frequently Asked Questions

How long does this fundraiser take?

We are available to assist in setting your sale dates. A normal selling period is 2-3 weeks. The date the sellers should return their order and the delivery date are both printed on the forms. The delivery date is scheduled before your sale starts, usually 12-14 days after the order is submitted.

Is there a minimum order?

Yes, there are minimum orders for our programs based on location. Please refer to the fundraising information page on our website for your areas specific minimum order.

How does payment work?

There are no upfront costs to begin your sale. Payment for your order is not due until your sale has completed. Collect money as you sell and use a portion of this fund to purchase your product, the remaining balance will be the profit for your sale. A check payable to Kittelson Marketing is due at the time of delivery.

What should I expect at delivery?

Your delivery is set up to accommodate your groups’ schedule. Working with frozen products we do our best to deliver at a time when your sellers can pick their orders to avoid having to find freezer space. Our representative will assist you in sorting and organizing your order as well.

Each package contains 32, 1 oz cookies.
